

ROLLING RIVER SCHOOL DIVISION POLICY

Community Engagement in Education Decision Making

ABA/P

The Board of Trustees of Rolling River School Division believes that in order to carry out its educational mandate, ongoing dialogue involving parents, students, staff, elected officials and all other community members is required. The Board, through this educational partnership and continued dialogue, believe they will achieve a higher level of success in their mandate as outlined by the Rolling River School Division Vision, Mission and Belief Statements.

ROLLING RIVER SCHOOL DIVISION REGULATION

Community Engagement in Education Decision Making

ABA/R

1. The Superintendent is directed by the Board to set one to three meeting dates in each ward at the beginning of every school year.
2. These meetings will provide opportunity for the Board to liaise with the community and discuss on-going educational trends and requirements. This will require informing the public of the happenings of the School Division and soliciting input from all stakeholders to improve educational delivery. The purpose of this community engagement is:
 - to make recommendations to the Board on communication and education matters;
 - to promote appropriate communication between the Board and all stakeholders;
 - to meet with stakeholders in each ward on a regular basis each year.
