	4. To continue integrating technology outcomes into curriculum as per divisional skills continuum.			
	5. To continue promoting healthy active lifestyles			

<b>Previous Years' Successes. Please comment on successes and progress towards meeting previous school plan outcomes.</b>		Enter First letter Discontinued Ongoing Met
<b>Expected Outcomes</b>	<b>Results (status, data or anecdotal evidence)</b>	
1. By June 30th, 2008, 80% of our students in grades two to eight will be reading at or above grade level.	Each year it seems that June has a way of coming around in the blink of an eye and this year is no exception. It has been another very busy and successful year at Tanner's Crossing School. Providing quality learning opportunities within a safe and respectful community is our school mission, which was developed back in 2002 and continues to this day. Our school motto, "Tanners Crossing School – The Team that Cares and Shares," is a statement which reflects our school's vision and one we use on a daily basis and make every attempt to live up to. Along with this goal we have been continuing with the goal of becoming a true Restitution School. We continue to find ways to promote professional development with staff and educate students in this area. We also had Rebecca Gray (our divisional social worker) make a two-part presentation to parents giving them a brief overview of the restitution model.	
2. By September, 2008 Numeracy will be a focus of our school plan.	Putting additional supports in place to assist our students with Literacy and Numeracy skills continues to be an ongoing focus of ours. Our division has supported additional staff training in both of these areas in the past and that training has continued this year as well. This training has included, but is not exclusive to the Later Literacy and Math Recovery programs we have added to our school.	
3. By June, 2008 we will increase the number of opportunities to build positive relationships within the school and community.	We would like to thank our active Parent Advisory Council for their support for another year. Colleen Evenson and Michelle Boyd organized our annual book fair with a Rain Forrest theme. In addition to the Restitution, our P.A.C. had a presentation on Lions Quest delivered by Melanie Henry. Thanks again and we look forward to working with you in the future. Our sports teams also had a very successful year winning divisional banners in Soccer, Boys A Basketball, and Track and Field (which we have won for the fifth year in a row). Individual medals for track were awarded to Tyler Curle and Matthew Groves. We also had singles and doubles winners in grade seven badminton. Female singles winner was Charity Marchischuk and male winner was Ryan Mansell. Doubles teams won both the female (Charity Marchischuk and Tayler McTavish) and male (Ryan Mansell and Braydon Whittington) championships.	
4. By September of 2007, all staff will be part of a team that meets throughout the year to share and discuss best teaching practices. Teacher leadership will be utilized as much as possible.	Lion's Quest was delivered again this year through Teacher Advisory Groups in grades four to eight. Our theme for the grade six to eight centered around teaching the students about Restitution and positive ways of meeting their basic needs. Our grade four and five Lion's Quest classes this year had a theme of dealing with anger. Both grades four and five and six to eight Lion's Quest groups also spent some time on recycling and learning about ways to respect our environment. Other initiatives in meeting our goal of providing a safe and respectful school included continuing with the Lion's Quest program at the kindergarten to grade three level, as well as international "Stand Up To Bulling Day" and a Manitoba Theatre for Young People play called "Kindness". Other presentations at the school this year included safety presentations on the use of ATV's and snowmobiles, railway safety, and a presentation from Manitoba Hydro on electricity.	
5. By October 31st, 2007 we will have developed the first draft of a nutrition policy and continue to promote healthy active living.  6. We will follow the divisional and provincial directive in the area of ICT  7. Explore a variety of ways to communicate electronically with parents and community and continue to promote healthy active living.	Once again our school supported the implementation of our healthy active living goal through a number of initiatives. This year we took part in the world record walk during Walk to School Week. Other activities included: T.V. Turn Off week, Family Fun Night, and our Spirit/Nutrition week (which we raised money for our foster children). The nutrition policy is complete.  Communication within the school community continues to be important to us and we have made some improvements to our website. All of our newsletters/calendars can be found on the website, as well as class supply lists and class web pages. We have gathered as many email addresses as possible and are in the process of setting up contact lists in order to be able to send correspondence (such as newsletters) home via email in the future.  All of our staff was also involved in divisional training in the area of technology, a practice that will continue in the future.	

<b>Step 6</b>	<b>2008–2009 Plan</b> For more examples, see the Planning in Education website at <a href="http://www.edu.gov.mb.ca/ks4/specedu/pie/index.html">http://www.edu.gov.mb.ca/ks4/specedu/pie/index.html</a>			
	<b>Expected Outcomes..</b> What specifically are you trying to improve for students? (Observable, measurable) (Observable, measurable)	<b>Indicators</b> How will you know that you are making progress?	<b>Strategies</b> What actions will you take ?	<b>Data Collection</b> By what means will you collect evidence of progress?
	1. By June of 2010 100% of our students in K-8 will experience growth in the areas of literacy and numberacy. 1.2 By June 2010 80% of our students in the regular program for K-8 will be at or above grade level in reading	Development of a plan for assessment to be determined.	Work as a team to explore different options for assessment. Explore new ideas in the area of assessment in Language Arts and Math	The assesement themselves
	2. By June of 2010 100% of our students in K-8 will be exposed to the language of Restitution		Involvement of all partners, parents, staff, students community. A review of our code of conduct that fits with the restitution mode Restituion training for staff and students.l	Restitution survey
	3.			
	4.			
	5.			
Comment on why you chose the outcomes.				

<b>Step 7</b>	<b>Healthy Child Healthy Schools Survey Information.</b> K-6 schools are required to develop and report upon Nutrition Policies. Please complete the short survey below.	<b>Fully in Place</b>	<b>Partially in Place</b>	<b>Under Development</b>	<b>Not applicable</b>
	Do you have a written school nutrition policy?				
	A) At the school Level?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
	B) At the division level?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
		<b>Yes</b>	<b>No</b>		
	Does the school have a representative committee or group that addresses school nutrition issues?	<input checked="" type="checkbox"/>	<input type="checkbox"/>		
Have you utilized the Manitoba School Nutrition Handbook?	<input checked="" type="checkbox"/>	<input type="checkbox"/>			
Have you adopted the Manitoba Guidelines for Foods Available at School?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
